ADVANCED WOUND CARE

Polyurethane Backing: Air-permeable, moisture-resistant, barrier to bacteria and viruses

Polyurethane Foam Pad: Draws in exudate, contours to body, suitable for use with compression

CURAFOAM™ FOAM DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3011	2" × 2"	10	12	A6209
3012	4" × 4¼"	10	12	A6210
3013	6" × 6"	10	12	A6210

- Maintains a warm, moist and cushioned healing environment
- Sterile polyurethane foam helps manage exudate in heavily draining wounds
- Non-adherent design reduces trauma during dressing changes
- Helps reduce the risk of contamination during wound care
- Suitable as a primary or secondary dressing for chronic and acute wounds at stages 2, 3, and 4
- Appropriate for lower extremity ulcers, donor sites, and partial- to full-thickness wounds
- Available in multiple sizes to meet various clinical needs

Backing Layer: Soft, stretchable, non-woven material allows for excellent airflow

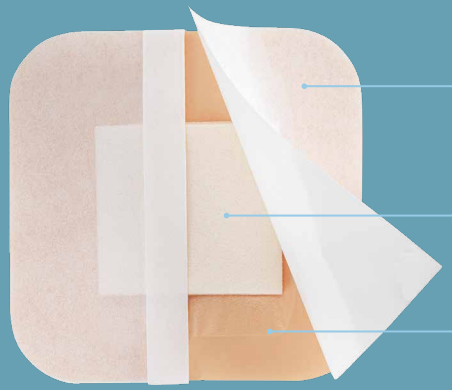

Wound Pad: Absorbs exudate and protects the wound

Adhesive Border: Gentle on skin for minimal irritation

DYNAFOAM™ WATERPROOF BORDERED FOAM DRESSING

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3037	4" × 4"	10	12	A6212
3038	6" × 6"	10	12	A6213

- Maintains a warm, moist healing environment to support healing and help reduce pain
- Multi-layer design includes absorbent foam and a low-adherent contact layer to protect the wound bed
- Waterproof outer layer helps shield the wound from external fluids and bacterial contaminants
- Gentle adhesive border supports secure placement with minimal skin irritation
- High-absorbency dressing used for heavily exuding wounds
- Primary or secondary dressing for chronic and acute wounds at stages 2, 3, or 4
- Suitable for lower extremity ulcers, donor sites, and partial- to full-thickness wounds

Backing Layer: Soft, stretchable, non-woven material allows for excellent airflow

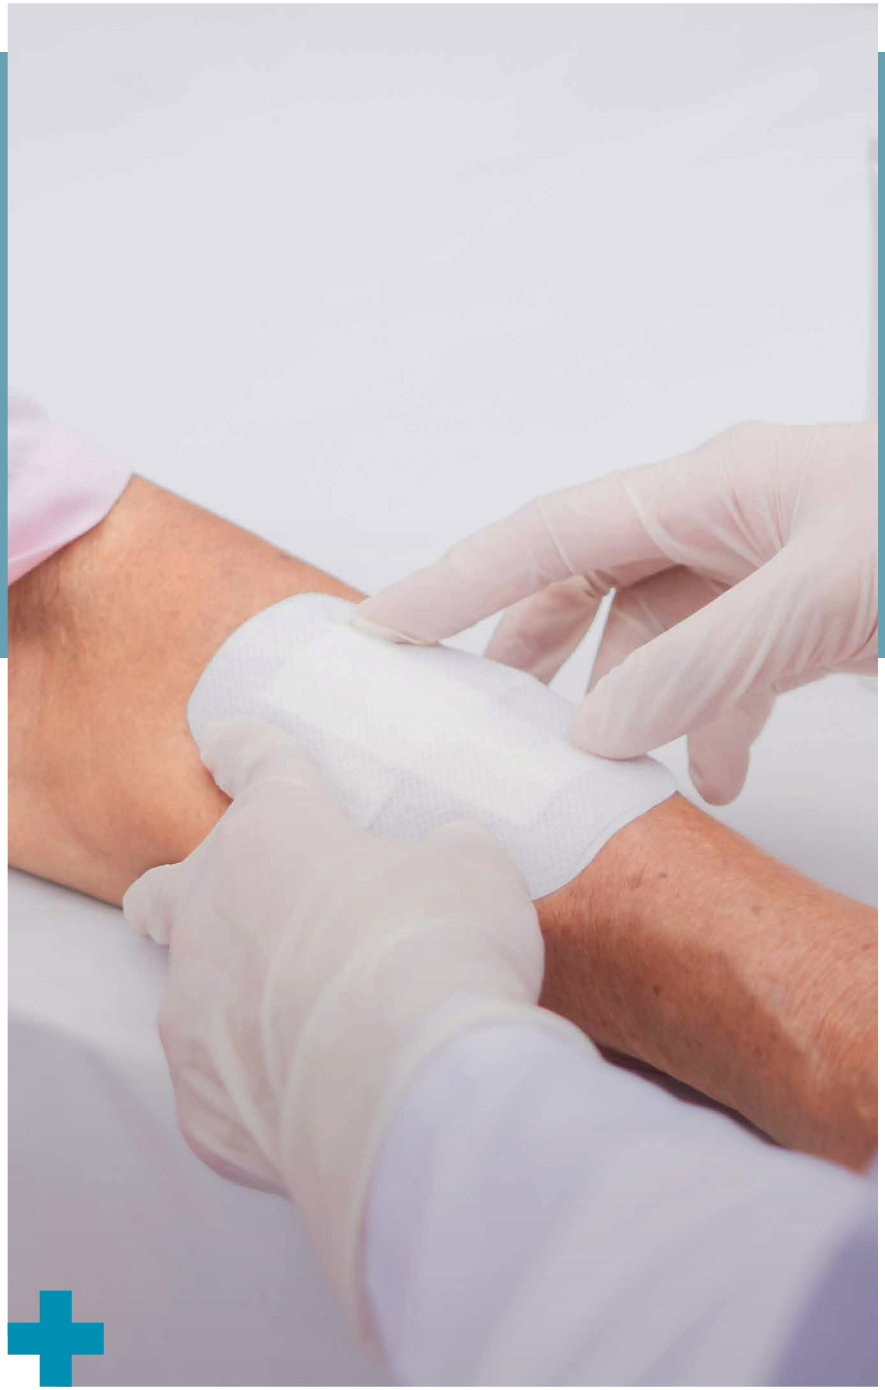

Wound Pad: Absorbs exudate and protects the wound

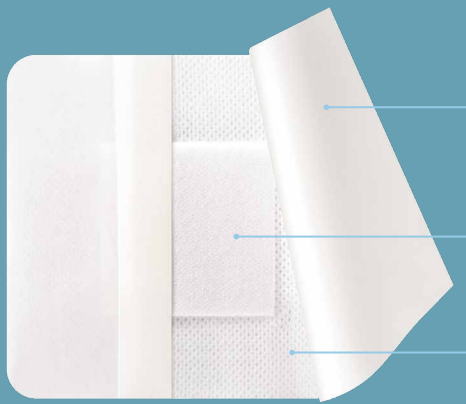

Adhesive Border: Gentle on skin for minimal irritation

DYNALEVIN™ WATERPROOF ADHESIVE BORDERED FOAM DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3021	4" × 4"	10	12	A6212
3022	6" × 6"	10	12	A6212

- Made of absorbent polyurethane foam with waterproof outer layer and adhesive border
- Helps maintain a warm, moist, and comfortable wound environment to support healing and reduce pain
- Adhesive backing helps keep contaminants out while securing the dressing to skin
- Medium-absorbency dressing suitable for exuding wounds
- Can be used as a primary or secondary dressing for stages 2, 3, or 4
- Suitable for lower extremity ulcers, donor sites, and full-thickness wounds

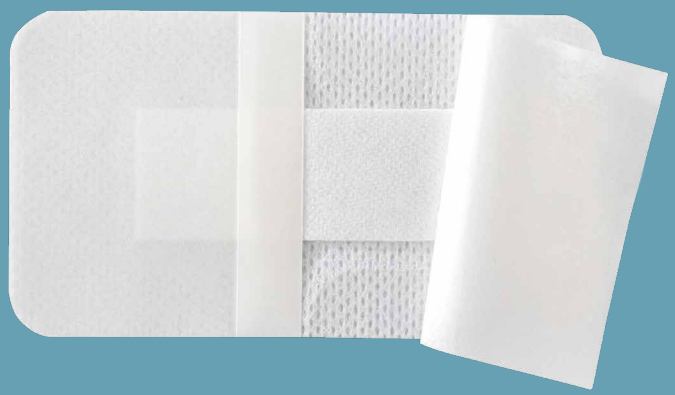

DYNAGUARD™ WATERPROOF COMPOSITE DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3035	4" × 4"	10	12	A6203
3036	6" × 6"	10	12	A6203

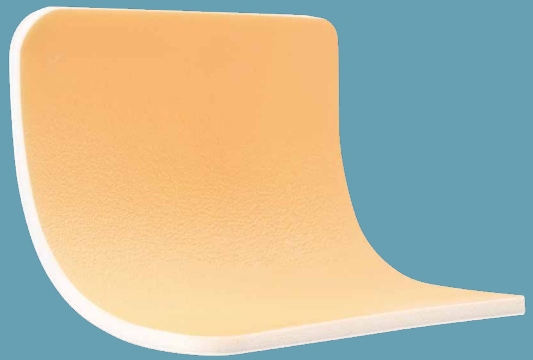

- Multi-layer, medium-absorbency dressing manages moderately exuding wounds while providing a moist healing environment
- Waterproof outer layer helps protect against external contaminants
- Inner foam layer absorbs drainage to support a moist environment
- Low-adherent contact layer protects the wound bed
- Adhesive non-woven fabric border conforms gently to skin
- Primary or secondary dressing to manage chronic and acute wounds at stages 2, 3, and 4

ISLAND DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3045	6" × 3⅛"	25	6	–
3074	4" × 13¾"	25	6	–
3492	2" × 3½"	50	6	A6254
3493	4" × 4"	25	6	A6254
3494	6" × 6"	25	6	A6254

- Soft, non-stick dressing with adhesive border for secure placement
- Provides excellent absorption and cushioning protection
- Ideal for use as a cover dressing after packing large, deep wounds
- Individually packed in peel-open pouches for optimal hygiene and convenience
- Not made with natural rubber latex

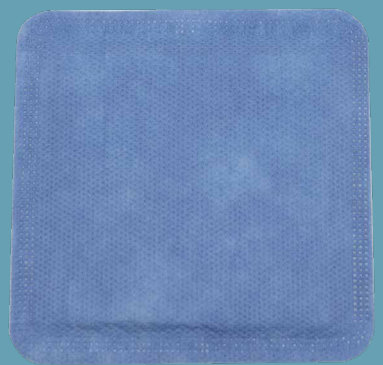

FOAMFLEX™ NON-ADHESIVE WATERPROOF FOAM DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3023	2" × 2"	10	12	A6209
3024	4" × 4"	10	12	A6209
3025	6" × 6"	10	12	A6210

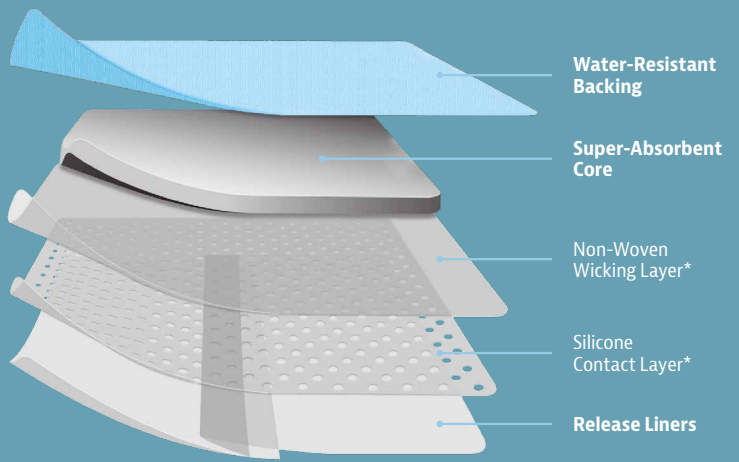

- Helps maintain a warm, moist wound environment to support healing and reduce pain
- Semi-permeable film is bonded to the foam, allowing oxygen flow while protecting against contaminants
- Flexible and easy to conform to hard-to-dress areas
- High-absorbency design suitable for managing heavily exuding wounds
- Can be used as primary or secondary dressing for chronic and acute wounds at stages 2, 3, and 4
- Suitable for lower extremity ulcers, donor sites, and partial- to full-thickness wounds

NON-ADHERENT

SELF-ADHERENT

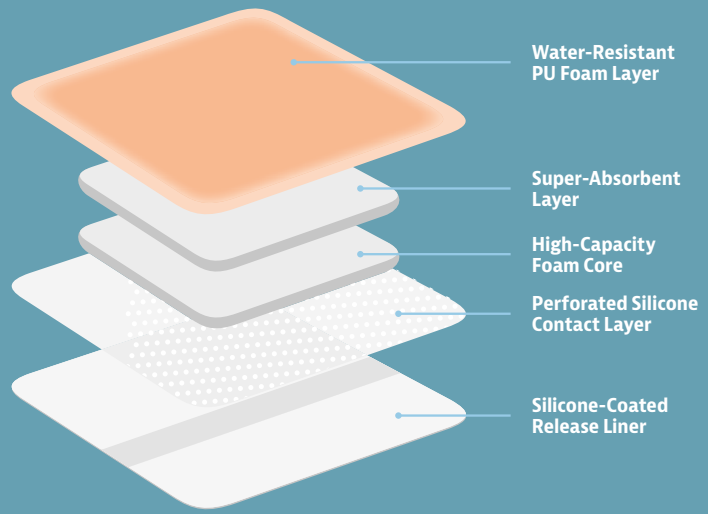

DYNASORB™ SUPER ABSORBENT DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
NON-ADHERENT				
3087	4" × 4"	10	12	A6196
3088	6" × 6"	10	12	A6197
SELF-ADHERENT				
3089	4" × 4"	10	12	A6196
3090	6" × 6"	10	12	A6197

- Multi-layered dressing features a contact layer and waterproof backing to help prevent contamination
- Super absorbent polymer core rapidly draws in exudate and locks it away to reduce the risk of maceration
- Soft, conformable construction allows easy application to curved or hard-to-dress areas
- High absorbency dressing used for heavily exuding wounds
- Suitable for use as primary or secondary dressing for partial- to full-thickness wounds at stages 2, 3 or 4
- Appropriate for managing leg and pressure ulcers, surgical wounds, and donor sites
- Pliable design supports range-of-motion during treatment

*Non-woven wicking layer and silicone contact layer in self-adherent dressings only.

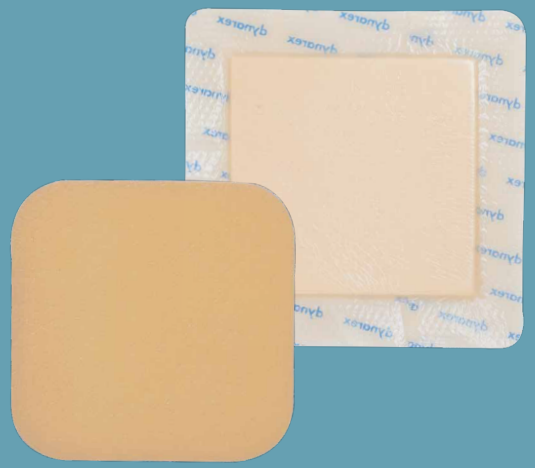

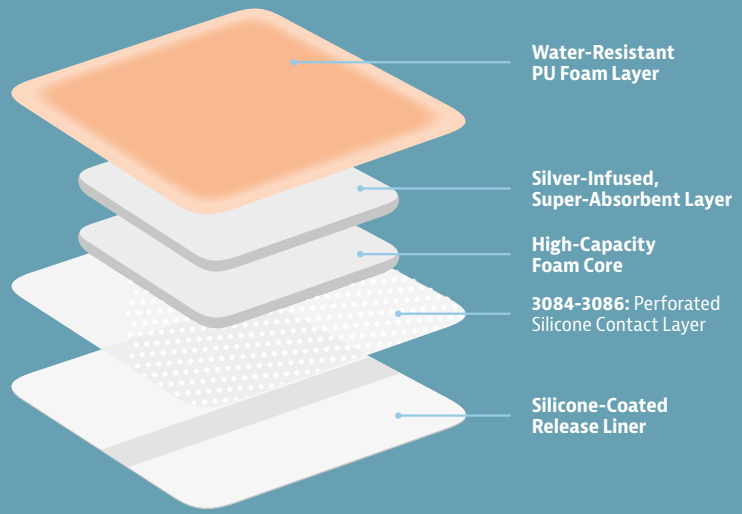

SILIGENTLE™ SILICONE FOAM DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
NON-BORDERED				
3055	2" × 2"	10	12	A6209
3056	4" × 4"	10	12	A6209
3057	6" × 6"	10	12	A6210
BORDERED				
3058	2" × 2"	10	12	A6212
3059	4" × 4"	10	12	A6212
3060	6" × 6"	10	12	A6212
3061	10" × 9" - Heel	5	12	A6213
3062	7" × 7" - Sacral	5	12	A6212
3063	9" × 9" - Sacral	5	12	A6213
3076	4" × 8"	10	12	–
3091	8" × 6" - Elbow	5	12	–

- Helps maintain a warm, moist wound environment to support healing
- Vapor-permeable waterproof film helps protect the wound while allowing moisture balance
- Soft, comfortable dressing with high absorbency to manage exudate
- Gentle silicone contact layer adheres securely and moves with the skin, helping to minimize trauma during removal
- Ideal for high-exuding wounds such as leg ulcers, pressure ulcers, donor sites, and burns
- Can be used as a primary or secondary dressing for wounds at stages 2, 3, or 4
- Available in a variety of sizes, with or without a silicone adhesive border

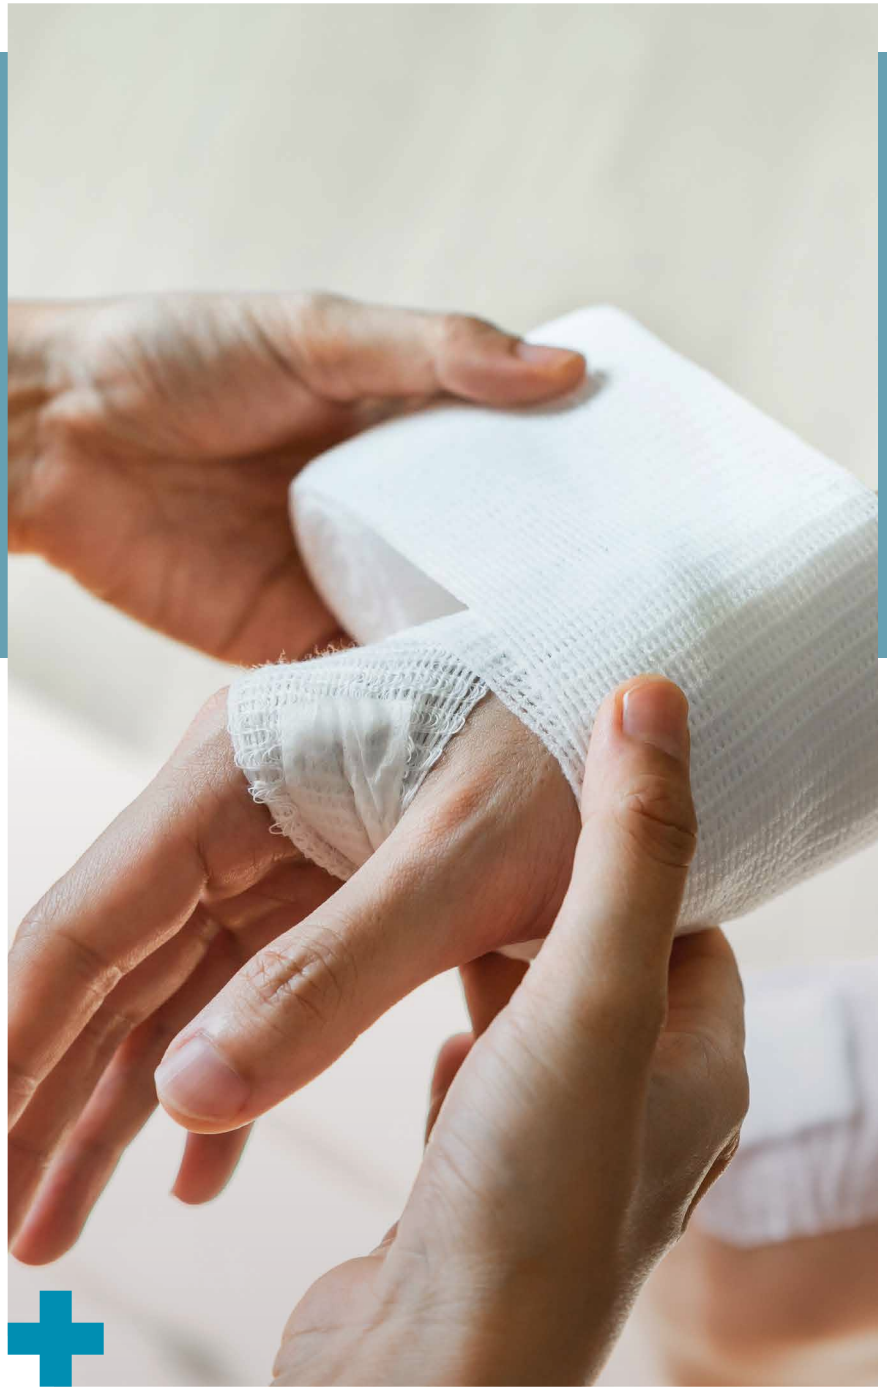

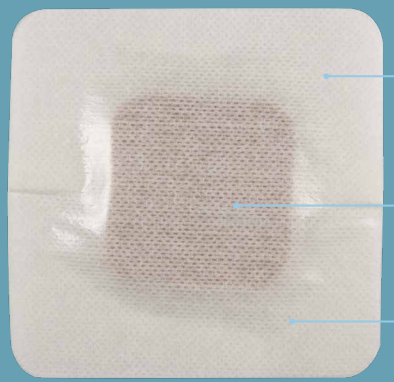

SILIGENTLE™ AG SILICONE FOAM DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
NON-BORDERED				
3080	2" × 2"	10	5	A6209
3082	4" × 5"	10	5	A6210
3083	6" × 6"	10	5	A6210
BORDERED				
3084	2" × 2"	10	5	A6212
3085	4" × 4"	10	5	A6212
3086	6" × 6"	10	5	A6213

- Soft, conformable dressing helps maintain a moist wound environment to support healing
- Silver foam core absorbs exudate and releases silver ions for targeted antimicrobial effect
- High-absorbency design ideal for managing heavily exuding wounds
- Suitable for wounds with delayed healing, active infection, or risk of reinfection
- Vapor-permeable waterproof film allows flexibility and movement without loss of adhesion
- Gentle silicone contact layer reduces the risk of skin irritation
- Effective as a primary or secondary dressing for wounds at stages 2, 3, or 4
- Appropriate for leg ulcers, pressure ulcers, second-degree burns, donor sites, and partial- to full-thickness wounds
- Available in a variety of sizes, with bordered and non-bordered options

Backing Layer: Soft, stretchable, non-woven material allows for excellent airflow

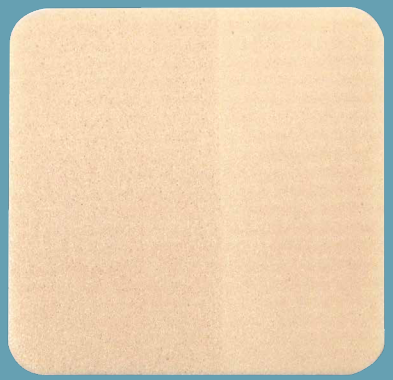

Absorbent Pad Infused With Silver Ions

Adhesive Border: Gentle on skin for minimal irritation

DYNAFOAM™ AG BORDERED FOAM DRESSING

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3049	4" × 4"	10	10	A4649

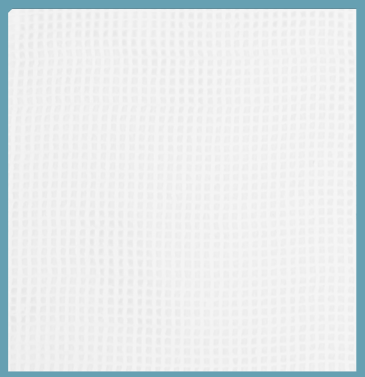

- Sterile foam dressing infused with silver ions for continuous antimicrobial protection
- Soft, conformable adhesive design supports secure placement and user comfort
- Provides high absorbency to manage moderate to heavy exudate
- Helps maintain a moist wound environment to support healing
- Waterproof, vapor-permeable border offers protection against contamination
- Designed for chronic and acute wounds at stages 2, 3, and 4
- Can be used as a primary or secondary dressing for wounds with delayed healing or at risk of infection
- Ideal for pressure injuries, surgical wounds, and first- or second-degree burns

CURAFOAM™ AG FOAM DRESSING

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3047	4" × 4"	10	10	A4649

- Sterile, non-adherent foam infused with silver ions for antimicrobial protection
- Helps absorb exudate while maintaining a warm, moist wound environment
- Provides continuous antimicrobial protection to help reduce colonization on the dressing
- Highly absorbent foam suitable for chronic and acute wounds at stages 2, 3, and 4
- Designed for use as a primary dressing on wounds at risk of infection or reinfection
- Ideal for pressure ulcers, surgical wounds, and first- and second-degree burns

OIL EMULSION DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3067	3" × 3"	50	4	A6222
3068	3" × 8"	24	6	A6223
3070	5" × 9"	12	6	A6223

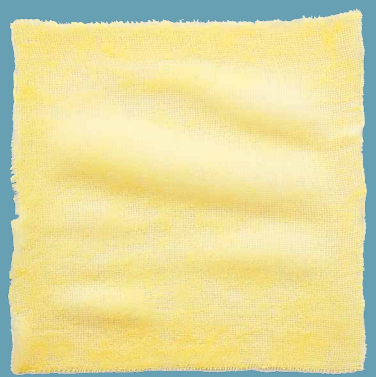

- Knitted gauze dressings impregnated with an emulsion blend of petrolatum and sunflower oil
- Helps maintain a hydrated wound bed while minimizing patient discomfort
- Allows exudate to flow into a secondary dressing to help reduce the risk of skin maceration
- Non-occlusive primary dressing for low-exuding wounds at stages 2, 3, or 4
- Suitable for donor sites, lacerations, skin grafts, and abrasions

PETROLEUM GAUZE DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3039	3" × 9"	50	4	A6223
3040	3" × 9"	12	10	A6223
3041	3" × 18"	12	6	A6224

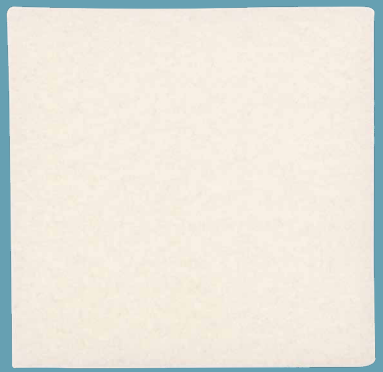

- Conformable, non-adherent dressing designed to minimize sticking to the wound
- Infused with petroleum to maintain a moist wound environment and promote autolytic healing
- Sterile gauze helps to minimize contamination for optimal hygiene
- Primary dressing for low-draining wounds such as donor sites, minor burns, and non-infected wounds
- Appropriate for use on full-thickness wounds at stages 2, 3, and 4
- Not made with natural rubber latex or DEHP

XEROFORM™ PETROLATUM GAUZE DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3042	3" × 18"	12	6	A6224
3044	1" × 8"	50	4	A6222
3053	4" × 4"	25	4	A6222
3054	5" × 9"	50	4	A6223

- Sterile, non-adherent, knitted gauze dressings designed to maintain a moist wound environment
- Impregnated with a blend of petrolatum, 3% bismuth, mineral oil, and paraffin oil
- Non-occlusive design allows the wound to breathe, reducing the risk of skin and tissue maceration
- Conforms easily to both deep and shallow wounds
- Primary dressing on low-exuding wounds at stages 2, 3, or 4
- 3% bismuth helps reduce wound odor

DYNAGINATE™ CALCIUM ALGINATE DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3010	4" × 4"	10	12	A6196
3026	2" × 2"	10	12	A6196
3027	4¼" × 4¼"	10	12	A6197
3028	4" × 8"	5	12	A6197
3029	2 g × 30 cm (Rope)	5	12	A6199

- Calcium alginate dressing transforms into a fibrous gel upon contact with wound exudate
- Soft gel contours to the wound bed and does not adhere to tissue during dressing changes
- Highly absorbent; ideal for heavily exuding wounds
- Maintains a moist wound environment to support the healing process
- Suitable as a primary dressing for partial- and full-thickness wounds at stages 3 or 4

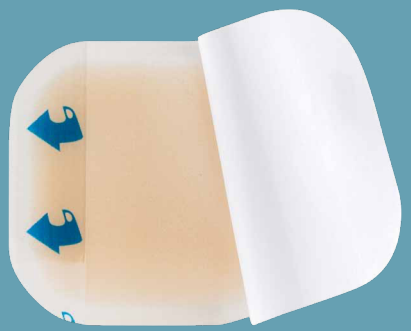

DYNAGINATE™ AG CALCIUM ALGINATE DRESSINGS

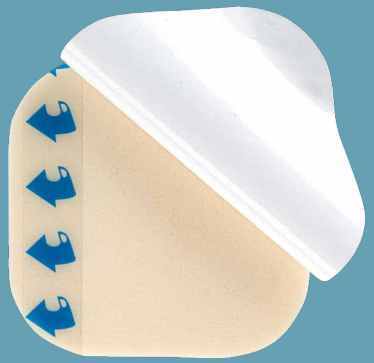

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3030	2" × 2"	10	10	A6196
3031	4" × 5"	10	10	A6197
3032	4" × 8"	5	10	A6197
3033	¾" × 12" Rope	5	10	A6199

- Combination of calcium alginate and silver ions transforms into a fibrous gel upon contact with wound exudate
- Creates a moist wound environment and provides an antimicrobial barrier
- High-absorbency design helps manage heavily exuding wounds
- Suitable for infected wounds or those at risk of infection
- Primary dressing ideal for the management of partial- and full-thickness wounds at stages 3 or 4

FOAM

GEL

DYNADERM™ HYDROCOLLOID DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
GEL				
3014	2" × 2" - Thin	20	12	A6234
3015	4" × 4" - Thin	10	12	A6234
3016	6" × 6" - Thin	5	12	A6238
3017	6" × 7" - Sacral	5	12	A6238
3018	4" × 4" - X-Thin	10	12	A6234
3019	6" × 6" - X-Thin	5	12	A6235
FOAM				
3020	4" × 4" - Foam	5	12	A6209

- Thermally insulated to reliably protect a variety of non-infected wounds from contamination
- Semi-occlusive formula helps to maintain moisture and promote autolytic debridement for optimal healing
- Premium water-resistant materials help prevent bandage peeling for secure protection
- Flexible, conformable dressings with tapered edges provide a comfortable, anatomical fit
- Engineered for safe, long-lasting wear, depending on wound condition and exudate levels
- Caution: Avoid using on diabetic foot wounds without consulting physician for assessment
- Not made with natural rubber latex

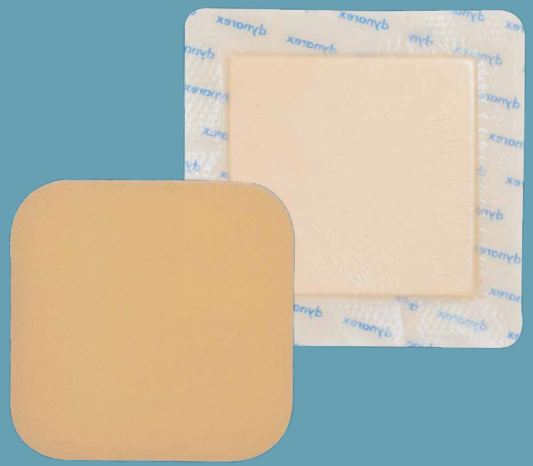

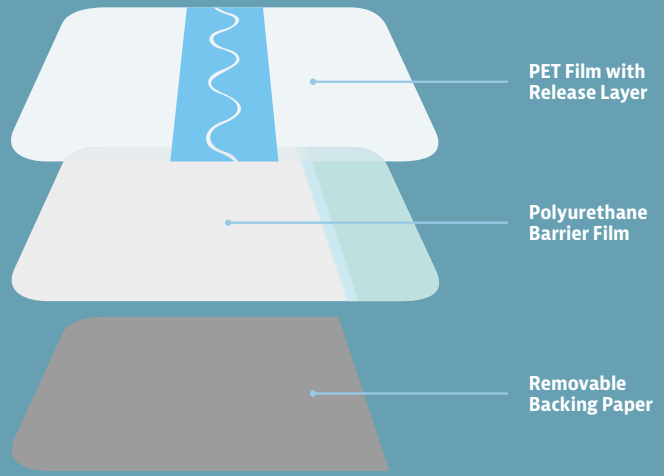

UNNA BOOT BANDAGES

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
3453	3" × 10 yd.	1	12	A6456
3454	4" × 10 yd.	1	12	A6456
WITH CALAMINE				
3455	3" × 10 yd.	1	12	A6456
3456	4" × 10 yd.	1	12	A6456

- Designed to help manage venous stasis leg ulcers, thrombophlebitis, lymphatic edema, sprains, strains, and dislocations
- Designed to maintain a moist healing environment and enhance patient comfort
- Formulated with soothing zinc oxide paste
- Unique knit construction allows for more uniform distribution of paste
- Individually foil-wrapped for optimal hygiene and convenience
- Finished edges help to minimize risk of fraying into the wound site
- Available in plain or calamine options
- Rolled on an inner core for easier, more consistent application

VIEW GUARD TRANSPARENT DRESSINGS

ITEM	SIZE	QTY/BX	BX/CS	HCPC
3642	2⅜" × 2¾"	100	4	A6257
3643	4" × 4¾"	50	4	A6258
3644	6" × 8"	10	8	A6258

- Designed to help protect the skin, IV sites, and surgical sites
- Transparent design provides improved visualization of wound site
- Semi-permeable dressings allow air in while keeping moisture vapor and fluids out
- Conforms to body contours for a secure, comfortable fit
- Sterile, not made with natural rubber latex
- Suggested use: Leave on for up to 3 hours

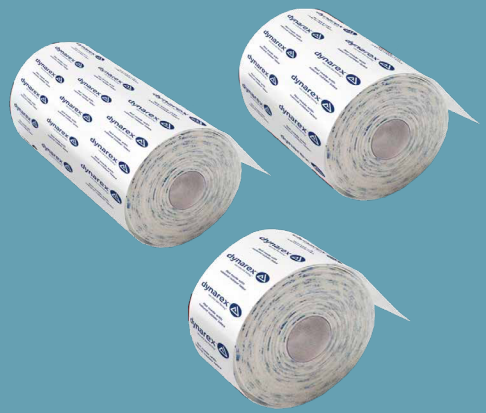

PACKING STRIPS - PLAIN & WITH IODOFORM

ITEM	SIZE	QTY/BTL	BTLS/CS	HCPC
PLAIN				
3401	¼" × 5 yd.	1	12	A6407
3402	½" × 5 yd.	1	12	A6407
3403	1" × 5 yd.	1	12	A6407
3404	2" × 5 yd.	1	12	A6407
IODOFORM				
3411	¼" × 5 yd.	1	12	A6266
3412	½" × 5 yd.	1	12	A6266
3413	1" × 5 yd.	1	12	A6266
3414	2" × 5 yd.	1	12	A6266

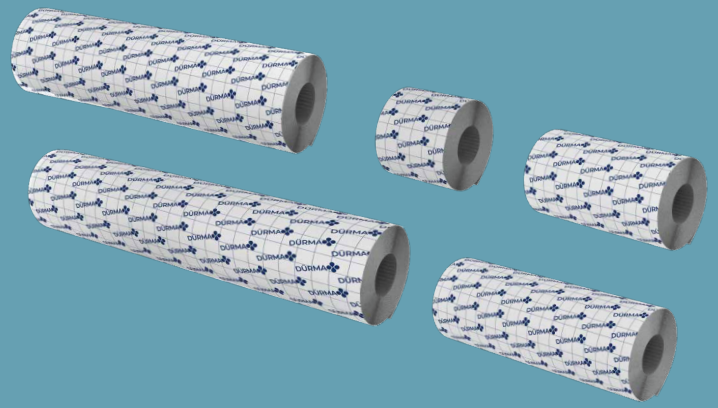

- Sterile strips crafted from 100% cotton materials
- Ideal for use as nasal packing, drainage wicks, or packing wounds
- Specially woven gauze is designed to minimize the risk of raveling, linting, or fraying
- Available plain or impregnated with an iodoform solution

DRESSING RETENTION SHEET

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
3542	2" × 11 yd.	1	5	A4452
3544	4" × 11 yd.	1	5	A4452
3546	6" × 11 yd.	1	5	A4452

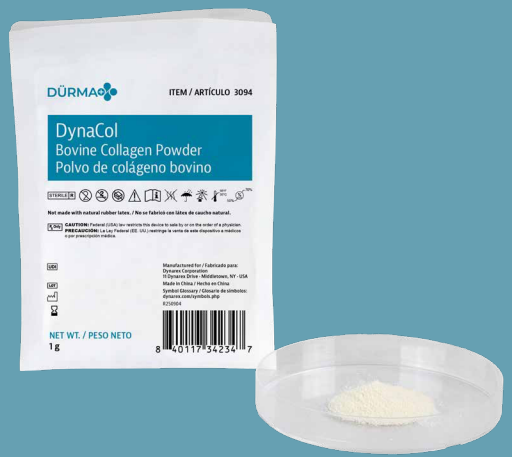

- Low-sensitivity adhesive tape designed for secure, comfortable dressing retention
- Soft, flexible, non-woven fabric is ideal for securing appliances or dressings
- Porous structure is water-resistant and can cover an entire primary wound dressing conveniently in one application
- Linerless roll means faster application with no extra step for removing the paper release liner
- Not made with natural rubber latex

VIEW GUARD TRANSPARENT DRESSING ROLLS

ITEM	SIZE	QTY/CS	HCPC
3637	8" × 11 yd.	12	A4450
3638	10" × 11 yd.	12	A4450
3639	2" × 11 yd.	12	A4450
3640	4" × 11 yd.	12	A4450
3641	6" × 11 yd.	12	A4450

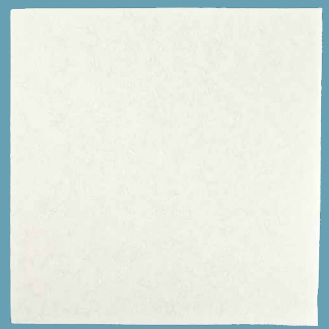

- Premium transparent dressing designed to help cover and protect skin after needlework
- Crafted from flexible materials to conform to contours during movement without stressing skin
- Roll can be easily cut down into desired shape or size for different needs
- Ideal for use around tattoos, IV sites, surgical sites, incisions, and wounds
- Suggested use: Leave on for up to 3 hours

DYNACOL BOVINE COLLAGEN POWDER

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
3094	1 g Packs	10	10	A6010

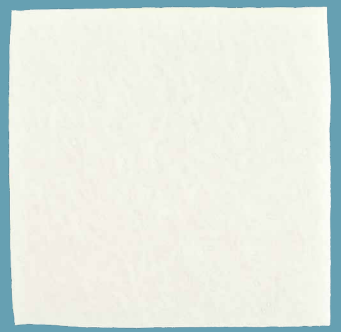

- 100% bovine Type 1 collagen powder designed for effective wound management
- Forms a soft, biodegradable gel upon contact with wound exudate to help promote an optimal healing environment
- Conforms easily to irregular wound surfaces without the need for cutting or resizing
- Promotes a moist wound environment for optimal healing conditions
- Individually packaged in sterile 1-gram pouches for single-use applications
- Ideal for managing partial and full-thickness wounds, including ulcers, burns, and surgical wounds
- Designed for use in conjunction with a secondary dressing

DYNACOL COLLAGEN WOUND DRESSINGS

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
3096	2" × 2"	10	10	A6020
3097	4" × 4"	10	10	A6021
3098	6" × 6"	5	10	A6022
3099	7" × 7"	5	10	A6023

- 100% bovine Type I collagen wound dressings designed for partial and full-thickness wounds
- Biodegradable gel forms upon contact with wound exudate to maintain a moist healing environment
- Pliable, absorbent dressing easily conforms to irregular wound surfaces for comprehensive wound coverage
- Sterile, single-use dressings, individually packaged in sterile pouches for optimal hygiene and convenience
- Suitable for use on pressure ulcers, diabetic ulcers, venous ulcers, partial thickness burns, and surgical wounds
- Available in multiple sizes to accommodate various wound types

DYNACOL AG COLLAGEN WOUND DRESSING

ITEM	SIZE	QTY/BX	BXS/CS
3095	2" × 2"	10	10
3100	4" × 4"	10	10
3101	6" × 6"	10	10
3105	7" × 7"	5	10

- Bovine Type I collagen wound dressings combined with silver chloride designed for partial and full-thickness wounds
- Soft gel forms upon contact with wound exudate to help maintain a moist healing environment
- Collagen matrix supports new tissue growth and natural healing
- Silver chloride helps protect the dressing from microbial contamination
- Pliable, absorbent material conforms to irregular wound surfaces for effective coverage
- Sterile, single-use dressings individually packaged for hygiene and convenience
- Suitable for use on ulcers, donor sites, and surgical wounds
- Available in multiple sizes to accommodate various wound types

DYNAGEL™ HYDROGEL IMPREGNATED GAUZE DRESSING

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
3064	2" × 2"	15	12	A6231
3065	4" × 4"	15	12	A6231

- Sterile gauze dressing impregnated with hydrogel for moist wound packing
- Designed for dry to minimally exudating wounds to support natural healing
- Hydrogel formulation hydrates dry or necrotic tissue and aids autolytic debridement
- Requires a secondary dressing to help maintain moisture balance
- Suitable for management of partial and full-thickness wounds, including dermal and pressure ulcers at stages 2, 3, and 4

TRANSPARENT FILM WINDOW DRESSING

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
3647	2⅜" × 2¾"	100	4	A6257
3648	4" × 4¾"	50	4	A6258

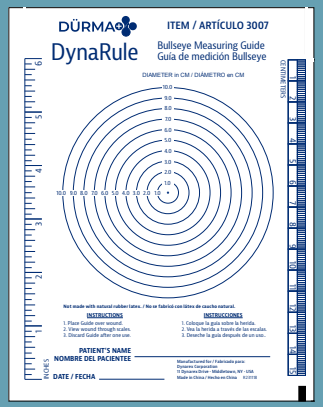

- Transparent film dressing designed for versatile wound and catheter site care
- Breathable film supports oxygen exchange to support the healing process
- Hypoallergenic adhesive helps to reduce irritation on sensitive skin
- Flexible dressing conforms to body contours and patient movement for improved comfort
- Features a frame-style design for secure, precise placement
- Stretch-and-release removal minimizes skin trauma during dressing changes
- Water-resistant barrier helps to protect against bacteria and fluid contaminants
- Available in multiple sizes for customized applications

DYNARULE™ DISPOSABLE PAPER RULER

ITEM	DETAILS	QTY/PAD	PADS/CS
3006	15 cm (150 mm)	25	10

- Designed to provide direct and reliable wound measurement
- Disposable, single-use design helps promote optimal hygiene practices
- Clearly marked in both centimeters and millimeters for versatile use
- Flexible design conforms to body contours for more accurate assessment
- Features ample writing space for patient identification and documentation
- Suitable for initial wound assessment and tracking healing over time
- Pocket-sized, lightweight rulers are easy to carry and store
- Not made with natural rubber latex

DYNARULE™ BULLSEYE MEASURING GUIDE

ITEM	QTY/BX	BXS/CS
3007	250	5

- Disposable, transparent guide for measuring wound length, width, and diameter
- Includes both a straight-edge ruler and a bullseye grid
- Ruler is calibrated in inches and centimeters, with measurements up to 4" (10 cm)
- Flexible plastic construction conforms to body contours
- Designed to support consistent wound assessment and documentation

RETRACTABLE TAPE MEASURE

ITEM	QTY/BX	BXS/CS
3008	6	24

- Clearly marked in both inches and centimeters for accurate readings
- Conveniently sized to fit easily in pockets, purses, and kits
- Measures up to 72 inches or 182 centimeters
- Flexible design allows for easier measurement around body contours
- Retracts quickly into durable plastic case for added protection
- Ideal for wound measurement, weight management, and sports training

DYNAGEL SILVER WOUND GEL (RX ONLY)

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
1279	1.5 oz.	1	24	A6248
1281	3 oz.	1	24	A6248

- Sterile, prescription-only hydrogel infused with antimicrobial silver to reduce the risk of bacterial growth
- Absorbs exudate and adheres securely for up to three days
- Designed to maintain a moist wound environment to support optimal healing
- Non-staining and non-stinging formula for improved patient comfort
- Ideal for managing first- and second-degree burns, ulcers, and surgical wounds

DYNAGEL SKIN PROTECTANT WITH GLYCERIN

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
1280	3 oz.		24	A6248

- Formulated to hydrate and protect wounds and surrounding skin
- Helps maintain a moist wound environment to support comfort and healing
- Contains aloe and vitamin E to help soothe irritation and relieve dryness
- Aids in softening tissue to encourage autolytic debridement
- Ideal for minor wounds, abrasions, and superficial injuries

L-MESITRAN® SOFT

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
3078	1.75 oz.	1	24	A6250

- Formulated with 40% medical-grade honey, hypo-allergenic lanolin, and vitamins C and E to promote optimal healing of chronic wounds
- Moisturizing formula helps to restore wound pH balance
- Anti-microbial gel supports cleansing and autolytic debridement
- Commonly used with secondary dressings to help minimize adherence to the wound bed
- Ideal for use on partial- and full-thickness wounds, pressure injuries, burns, and trauma wounds at stages 1–4

DYNAWOUND WOUND CLEANSER SPRAY

ITEM	SIZE	QTY/CS	HCPC
3004	4 fl. oz.	12	A6260
3005	8 fl. oz.	24	A6260

- Premium cleansing spray designed to help minimize the risk of infection in minor wounds
- Ideal for use as a convenient supplement to saline irrigation
- Formulated to help remove exudate and debris to help promote healing
- Adjustable spray nozzle allows for controlled application
- Non-toxic and pH-balanced formula for gentle wound cleansing

CARRY CASE FOR NPWT PUMP

ITEM	QTY/CS
3151	1

- Durable carry bag designed to provide increased mobility for NPWT patients
- Ideally sized to fit Dürma+ Negative Pressure Wound Therapy Pump and canister
- Expandable zipper accommodates larger canisters when needed
- Clear front panel provides easy visibility of the control panel
- Transparent back window allows for monitoring of canister fluid levels
- Adjustable carry strap offers customization for shoulder, waist, or wheelchair use
- Hook-and-loop closure allows for quick access without removing the pump
- Convenient charging port supports pump recharging within the case
- Compact and lightweight design ensures hassle-free portability

NEGATIVE PRESSURE WOUND THERAPY PUMP

ITEM	QTY/CS	HCPC
3150	1	E2402

- Designed to efficiently administer negative pressure wound therapy (NPWT)
- Provides gentle powered suction for effective removal of exudate, infectious materials, and tissue debris
- Offers variable intermittent and continuous therapy modes to accommodate various treatment protocols
- Effective for managing chronic, acute, traumatic, sub-acute, and dehisced wounds, as well as pressure and diabetic ulcers, burns, flaps, and grafts
- Easy-to-navigate LCD screen enhances device usability and setting adjustments
- Compact and lightweight, ideal for transitioning between various care settings
- Includes an integrated troubleshooting guide for addressing common issues such as canister full, vacuum leak, and blockage alerts
- Sleep-mode feature extends battery life, facilitating longer mobile use without recharging
- Battery runtime of up to 72 hours, depending on settings

WOUND VAC DISPOSABLE CANISTERS

ITEM	SIZE	QTY/CS	HCPC
3121	140 mL	20	A7000
3122	400 mL	20	A7000

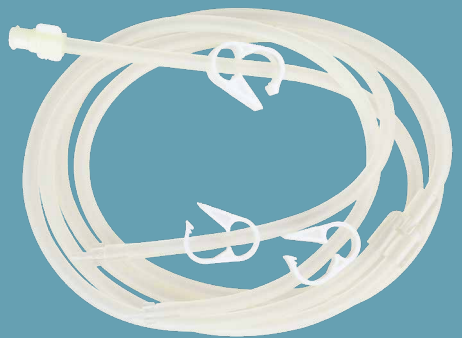

- Secure, disposable canisters designed for collecting and storing wound exudates
- Hermetic-seal latch helps to prevent air leakage and sustains pressure under varying conditions
- User-friendly design with one-handed release enables efficient setup
- Innovative dam design keeps the membrane dry, reducing false alarms for full canisters
- Graduated markings aid in accurate fluid tracking and measurement
- Pre-assembled with drainage tube and male luer for easy connectivity

FLEXIBLE SUCTION BELL WITH TUBING

ITEM	QTY/CS	HCPC
3130	20	A6550

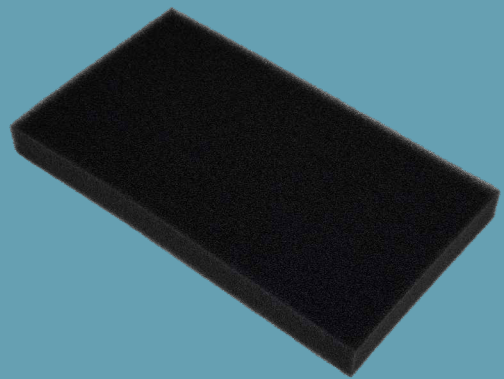

- Designed to support consistent negative pressure delivery with the Dürma+ NPWT platform
- Flexible silicone bell conforms to contours and hard-to-dress areas to help maintain a stable seal
- Designed to support continuous therapy for mobile patients
- Soft suction bell reduces the need for foam bridges
- Secure adhesive interface reduces the risk of air leaks and minimizes dressing adjustments
- Kink-resistant tubing helps maintain steady suction during movement
- Transparent bell body supports quick placement and visual confirmation of fluid flow
- Low-profile bell and flexible tubing designed to sit comfortably under drapes and clothing
- Sterile and individually packaged for single use to support infection control protocols

SUCTION DRAINAGE TUBES FOR NEGATIVE PRESSURE WOUND THERAPY DEVICE

ITEM	DETAILS	SIZE	QTY/CS	HCPC
3147	Y Connector	10 FR	20	A9900
3148	Straight Connector	10 FR	20	A9900

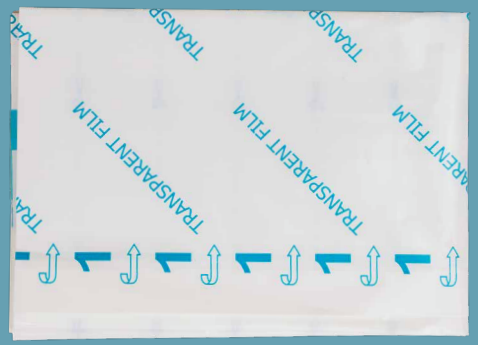

- Designed to reliably connect wound dressings to NPWT systems
- Made from high-quality PVC materials for durability and performance
- 60-inch tubing length enhances patient mobility during treatment
- Multi-tiered pagoda-style joint provides a secure, customizable fit with dressing kits
- Anti-Ruhr connector minimizes leakage for uninterrupted therapy
- Robert splint allows temporary drainage flow stoppage without changing the dressing
- 3147: Y connector supports simultaneous treatment of multiple wound sites
- 3148: Straight connector offers effective single-site therapy options
- Not made with natural rubber latex

FOAM DRESSING

ITEM	SIZE	QTY/CS	HCPC
3126	Small, 4" × 2"	10	A9900
3127	Medium, 7" × 4.7"	10	A9900
3128	Large, 10" × 5.9"	10	A9900

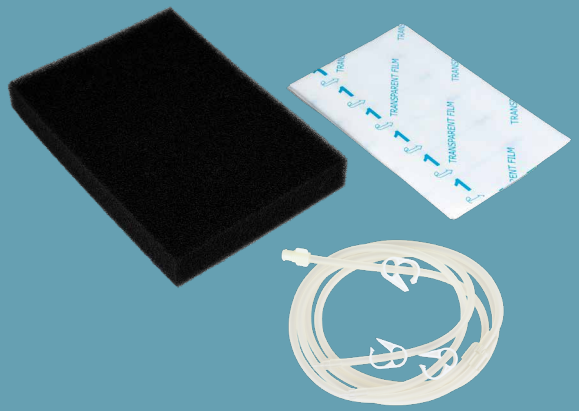

- Premium-quality foam dressings designed for use with NPWT pump systems
- Made from high-tensile strength foam for optimal durability
- Flexible foam can be cut to contour a variety of wound shapes, allowing for an individualized fit
- Available in multiple sizes to accommodate a variety of wound types
- Single-use and sterile for optimal hygiene
- Not made with natural rubber latex

TRANSPARENT WOUND DRAPE

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
3129	12" × 12"	5	20	A6257

- Designed to provide effective wound protection during negative pressure wound therapy
- Clear film allows visual monitoring of the wound without removing the entire dressing
- Helps to ensure proper placement of the foam dressing over the wound
- Polyurethane film provides breathable coverage to help maintain an optimal healing environment
- Single-use and sterile for optimal hygiene
- Not made with natural rubber latex

FOAM DRESSING KITS

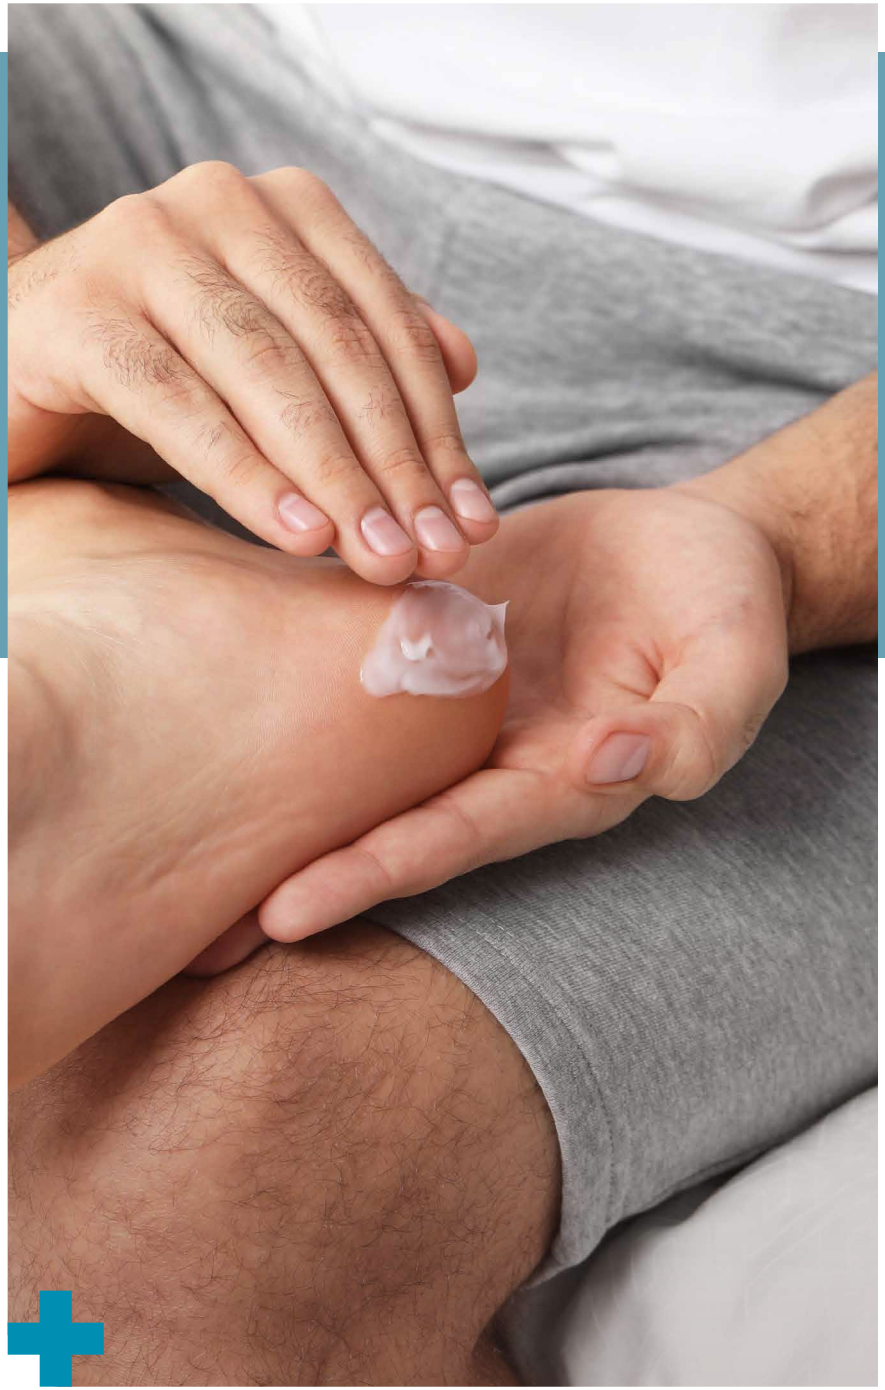

ITEM	SIZE	QTY/CS	HCPC
3123	Small, 4" × 2"	10	A6550
3124	Medium, 7" × 4.7"	10	A6550
3125	Large, 10" × 5.9"	10	A6550

- Comprehensive dressing kits designed for efficient and comfortable negative pressure wound therapy (NPWT)
- Engineered for use with an NPWT pump
- Transparent polyurethane film drapes provide breathable coverage with strong adherence
- High-tensile strength foam is durable, flexible, and can be cut to contour a variety of wound shapes and sizes, allowing for an individualized fit
- Dome-shaped silicone port pad offers durability and user comfort
- Single-use, sterilized components for optimal hygiene
- Available in multiple sizes to accommodate a variety of wound types

We
Care™

CLINICAL SKIN CARE

CALMARA - EXTERNAL ANALGESIC

ITEM	SIZE	QTY/CS
1200	7.5 oz.	24

- Formulated to provide temporary relief of itching from minor skin irritations
- Helps soothe discomfort from dry skin, insect bites, poison ivy, poison oak, and poison sumac
- Contains menthol and camphor for a gentle, cooling sensation

ANTIFUNGAL CREAMS

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
2% MICONAZOLE NITRATE CREAM				
1230-MN	5 g Packets	144	2	A6250
1233-MN	4 oz. Tube	6	4	A6250
1% CLOTRIMAZOLE USP CREAM				
1231-C	1 oz. Tube	1	72	A6250
1233-C	4 oz. Tube	6	4	A6250

- Soothing topical cream formulated to ease skin irritation
- Helps relieve itching, scaling, and discomfort from fungal skin infections
- Effective for athlete's foot, jock itch, and similar conditions
- Long-lasting, non-greasy formula for comfortable application
- 1231-c, 1233-c: Formulated with 1% clotrimazole USP
- 1230-mn, 1233-mn: Formulated with 2% miconazole nitrate
- Compact size allows for easy packing in first-aid kits and medicine cabinets
- Ideal for a variety of healthcare settings, including long-term care and home care

VITAMINS A&D OINTMENTS

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
1150	5 g Packet	144	6	A6250
1152	1 oz. Tube	1	72	A6250
1155	4 oz. Tube	6	12	A6250
1157	15 oz. Jar		12	A6250

- Formulated with vitamins A and D to protect and soothe dry, irritated skin
- Designed to effectively relieve irritation caused by minor cuts, burns, and diaper rash
- Infused with lanolin and lavender oil for improved hydration and pleasant scent

DYNASHIELD SKIN PROTECTANT BARRIER CREAM

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
1193	5 g Packet	144	2	A6250
1195	4 oz. Tube		24	A6250
1196	16 oz. Jar		12	A6250
WITH DIMETHICONE				
1198	5 g Packet	144	2	A6250
1199	4 oz. Tube		24	A6250

- Contains zinc oxide to help prevent and relieve dry skin and diaper rash
- Enriched with aloe vera and vitamins A, D, and E to nourish skin
- Available in convenient 5 g packets, 4 oz. tubes and 16 oz. jars
- 1198-1199: Active ingredient dimethicone helps skin retain moisture and reduce flaking and cracking
- Ideal for long-term care facilities, first aid kits, home care, and more

HYDROCORTISONE CREAM USP

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
1137	0.9 g Packet	144	12	A6250
1137-25	0.9 g Packet	25	72	A6250
1137UB-6	0.9 g Packet	6	100	A6250
1139	1 oz. Tube	1	72	A6250

- Formulated with 1% hydrocortisone USP to effectively relieve minor skin irritations
- Designed to help ease itching and discomfort caused by skin allergies, eczema, and insect bites
- Topical cream designed for external use only
- Ideal for use in hospitals, clinics, long-term care facilities, first aid, and home care
- 1137: Single-use packets allow for easy portability, kit-packing, and medical storage
- 1139: Easy-to-open tube packed in convenient, retail-friendly packaging

TRIPLE ANTIBIOTIC OINTMENTS

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
1180	0.5 g Packet	144	12	A6250
1180UB-10	0.5 g Packet	10	100	A6250
1182	0.9 g Packet	144	12	A6250
1184	0.5 oz. Tube	1	72	A6250
1185	1 oz. Tube	1	72	A6250

- Designed to help reduce the risk of infection in minor burns and abrasions
- Triple-acting formula helps minimize bacterial growth and promote skin healing
- 1184 & 1185: Easy-open tubes in retail-friendly packaging for quick application and distribution
- 1180 & 1182: Convenient, single-use packets allow for easy portability and kit packing

BACITRACIN OINTMENT USP

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
1161	0.9 g Packet	144	12	A6250
1162	0.5 oz. Tube	1	72	A6250
1163	1 oz. Tube	1	72	A6250

- Helps reduce the risk of infection in burns and abrasions
- Topical antibiotic ointment ideal for first aid, long-term care, and home care
- 1161: Single-use packets allow for easy portability and kit-packing
- 1162 & 1163: Easy-open tubes packed in convenient, retail-friendly packaging

AQUASOOTHE HYDRATING OINTMENT

ITEM	SIZE	QTY/BX	BXS/CS
1463	3.75 oz. Tube		24
1464	14 oz. Jar		12
1465	0.9 g Packet	144	12

- Multipurpose ointment helps relieve dry, irritated, or chapped skin and lips
- Formulated with 41% petrolatum to preserve skin's natural moisture
- Helps protect against the drying effects of wind and cold weather
- Fragrance-free, non-irritating formula helps to protect minor cuts, scrapes, and burns
- Ideal for use in hospitals, long-term care facilities, at home, and in the workplace
- 1465: Convenient packets are ideal for travel, kit packing, and tattoo aftercare

CALASOOTHE SKIN PROTECTANT MOISTURE BARRIER CREAM

ITEM	SIZE	QTY/BX	BXS/CS	HCPC
1271	3.5 g Packet	144	2	A6250
1273	2.5 oz. Jar		36	A6250
1275	4 oz. Tube	1	24	A6250

- Formulated with menthol, calamine, and lanolin to promote healthy skin and minimize dryness
- Creates a moisture barrier to reduce irritation due to perspiration, urine, and wound drainage
- Helps to soothe discomfort associated with minor cuts, burns, and scrapes
- Ideal for long-term care facilities, first aid kits, home care, and more

ZINC OXIDE OINTMENTS

ITEM	SIZE	QTY/CS	HCPC
1190	1 oz. Tube	72	A6250
1191	2 oz. Tube	72	A6250
1192	15 oz. Jar	12	A6250

- Zinc-enriched formula designed to soothe minor irritations such as diaper rash and chapped skin
- Helps provide relief from symptoms related to poison ivy, poison oak, and poison sumac
- Designed to form a protective barrier to seal out moisture and reduce friction and chafing
- Ideal for hospitals, long-term care facilities, first-aid kits, and home use

1387	1 gal. Bottle	4

- Soap-free botanical gel designed to cleanse both hair and body
- Moisturizing formula is gentle on dry skin
- Leaves skin and hair feeling soft and silky
- Richly lathering gel features a pleasant tropical scent
- Ideal for routine bathing, shampooing, and hand-washing
- 1386-800, 1386-1000: Convenient refill bags designed for use with dispensers

PERINEUM WASH

ITEM	SIZE	QTY/CS
4850	8 fl. oz. Bottle	48
4851	1 gal. Bottle	4

- No-rinse formula provides convenient cleansing without water
- Alcohol-free cleanser is formulated with aloe to help soothe delicate skin and reduce the risk of irritation
- Ideal for incontinence care and personal hygiene
- Features a gentle, fresh scent

TRIO BLISS CLEANSERS

ITEM	SIZE	QTY/CS
1382	7.5 fl. oz. Cleansing Foam	12
1383	1 gal. Cleanser	4
1384	7.5 fl. oz. Cleanser	48

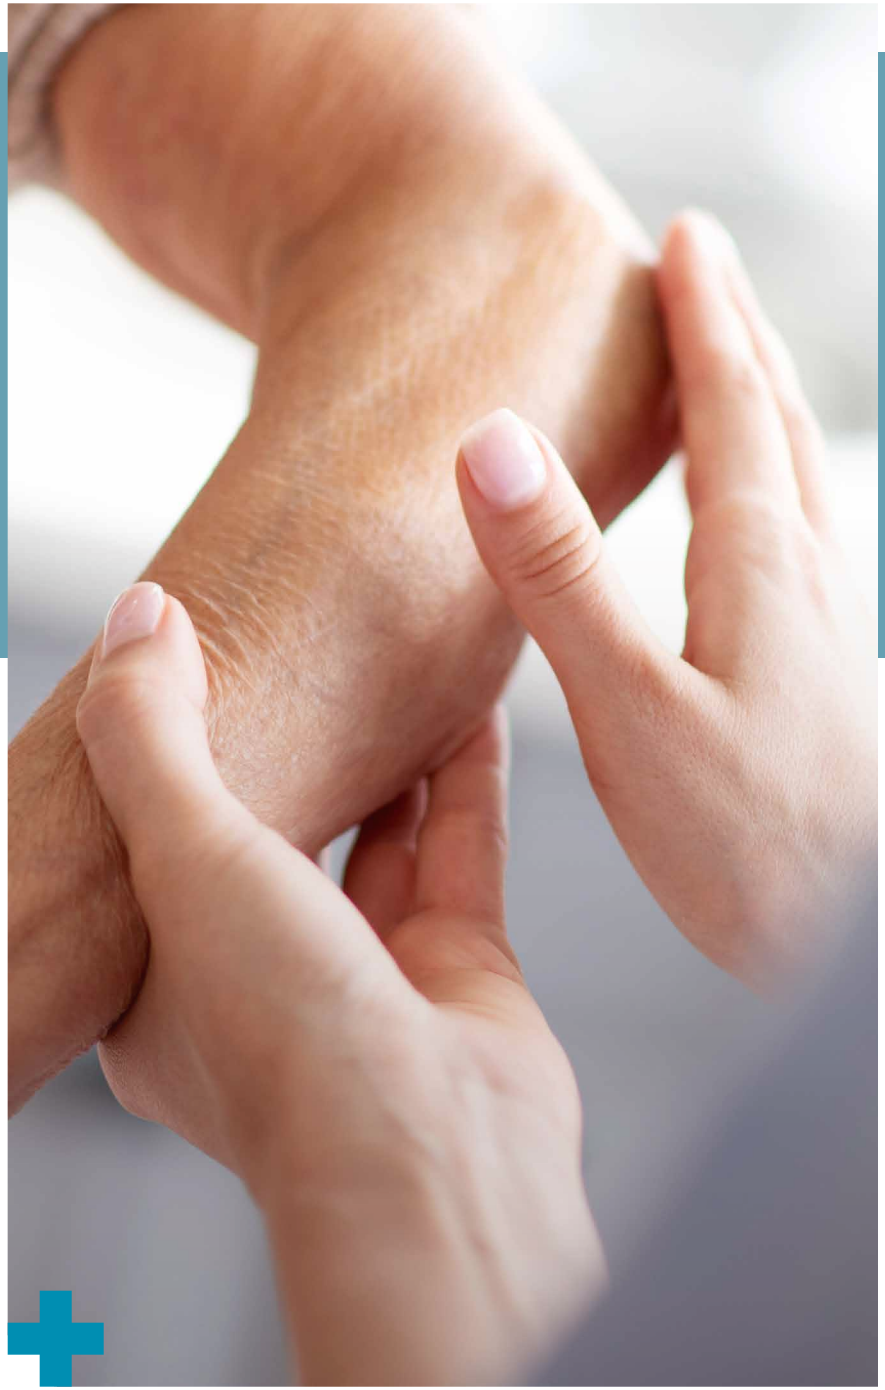

- Provides a convenient, all-in-one option for body wash, shampoo, and perineal care
- Rinse-free formula supports care routines where access to water is limited
- Allows for comfortable hygiene care for in-bed and reduced-mobility patients
- Helps enhance caregiver efficiency with one versatile cleansing product
- 1382: cleansing foam offers fast, gentle application
- Ideal for acute care, long-term care, rehabilitation, home health, and other assisted-care settings

NO-RINSE SHAMPOO CAPS

ITEM	QTY/BG	BGS/CS
4889	6	5

- Pre-moistened design cleanses and conditions without water
- Single-step application simplifies hair-care routines
- Soft, non-woven cap supports comfortable in-bed use
- One-size, unisex design accommodates most users
- Single-use format supports hygienic practice
- Compact design provides convenient travel use
- Ideal for acute care, long-term care, home health, and other assisted-care settings
- Not made with natural rubber latex

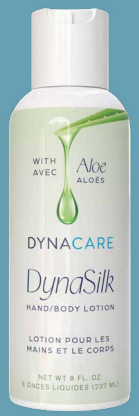

HYDRĒVA BODY LOTION

ITEM	SIZE	QTY/CS
1186	8 fl. oz.	12
1187	16 fl. oz.	12
1188	24 fl. oz.	12

- Formulated to help soften and comfort rough, dry skin
- Applies smoothly to hands, face, legs, elbows, heels, and other routine-care areas
- Light consistency supports comfortable daily application
- Fragrance-free to accommodate sensitivities
- Supports daily moisturization practices in long-term care, rehabilitation, post-acute, and home-care settings

DYNASILK WITH ALOE

ITEM	SIZE	QTY/CS
1390	4 fl. oz. Bottle	96
1391	8 fl. oz. Bottle	48
1391-800	800 mL / Bag	12
1391-1000	1000 mL / Bag	10
1392	1 gal. Bottle	4

- Aloe vera gel formulation helps moisturize and soothe dry skin
- Non-greasy lotion provides clean-feel application for both hands and body
- Features a light, fresh scent
- Ideal for use in hospitals and long-term care environments
- 1391-800, 1391-1000: Convenient refill bags designed for use with dispensers

COMFORT BATH OIL

ITEM	SIZE	QTY/CS
1381	7.5 fl. oz. Bottle	48

- Emollient bath oil formulated for use with water
- Provides gentle cleansing while helping maintain natural skin moisture
- Offers a soothing, softening effect that supports skin comfort
- Designed for use in healthcare, long-term care, and home environments
- Suitable for tub or bath use only

FRESH MIST ODOR ELIMINATOR

ITEM	SIZE	QTY/CS
4845	7.5 oz.	48

- Helps reduce unwanted odors in shared care environments
- Fine mist releases a fresh scent throughout the surrounding area
- Helps keep indoor areas fresh between routine cleaning cycles
- Suitable for patient rooms, bathrooms, hallways, and other common areas
- Ideal for long-term care, rehabilitation, home care, and other assisted-care settings

ADHESIVE TAPE REMOVER PAD

ITEM	QTY/BX	BXS/CS	HCPC
1505	100	10	A4456

- Non-irritating wipes designed to help effectively remove adhesive tapes with minimal discomfort
- Gentle, effective formula leaves skin free of tape residue
- Allows for efficient removal without sticking to hair or skin for improved patient comfort
- Ideal for hospitals, long-term care, and home care settings
